EMERGENCY ORDINANCE NO. 0-139-2010

AN EMERGENCY ORDINANCE OF THE LAFAYETTE CITY-PARISH COUNCIL AMENDING THE FY 09/10 OPERATING BUDGET OF THE LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT BY TRANSFERRING \$350,000 FROM 2009 BRIDGE RENOVATIONS, 2010 BRIDGE RENOVATIONS AND THE CAMELLIA BOULEVARD EXTENSION PROJECT TO THE SURREY STREET BRIDGE REPAIR PROJECT WITHIN THE PUBLIC WORKS DEPARTMENT FOR ADDITIONAL FUNDING NEEDED (DISTRICT 4)

BE IT ORDAINED by the Lafayette City-Parish Council, that:

WHEREAS, inspection of the Surrey Street Bridge shows severe deterioration of the bridge and is in need of immediate repairs; and

WHEREAS, the circumstances described herein similarly constitute a public emergency affecting life, health, property or public safety; and

WHEREAS, Section 2-14 of the Home Rule Charter of the Lafayette City-Parish Consolidated Government allows for the passage of an emergency ordinance addressing a public emergency affecting life, health, property or public safety; and

WHEREAS, Section 5-04B of the Home Rule Charter of the Lafayette City-Parish Consolidated Government allows for the making of emergency appropriations in order to meet a public emergency affecting life, health, property or public peace; and

WHEREAS, in order to meet, address and appropriately respond to the public emergency affecting life, health, property or public safety, it is necessary that an emergency ordinance be adopted for the purposes described herein; and accordingly

NOW THEREFORE, BE IT ORDAINED by the Lafayette City-Parish Council, that:

SECTION 1: All of the aforedescribed "Whereas" clauses are adopted as part of this ordinance.

SECTION 2: The FY 09/10 operating budget of the Lafayette City-Parish Consolidated Government is hereby amended by transferring \$350,000 from 2009 Bridge Renovations, 2010 Bridge Renovations, and the Camellia Boulevard Extension Project to the Surrey Street Bridge Repair Project within the Public Works Department for additional funding needed in order to accomplish emergency repairs to the bridge.

SECTION 3: This transfer of funds shall be as reflected in any pertinent documents which are attached hereto and made a part hereof and filed in the Office of the Clerk of the Lafayette City-Parish Council.

SECTION 4: All ordinances or resolutions, or parts thereof, in conflict herewith are hereby repealed.

SECTION 5: This ordinance shall become effective upon signature of the Lafayette

Subject:

Surrey Street Bridge at the Vermilion River

As you are aware, there are several areas of deficiencies that need immediate attention to the above identified bridge structure. These are, in my opinion and that of Mr. David Huval, Sr. with Huval & Associates, serious and should be considered emergency repairs. The deficiencies are as noted:

East Side Approach - Failing embankment below the roadway which has lead to settlement and undermining of roadway surface.

West Side Approach - Failing embankment below the roadway which has lead to settlement and undermining of the roadway surface.

Center Span - The rocker bearing mechanism that allows the bridge to move freely has jammed and failure is likely to occur without immediate attention.

Bridge Railing - The are several areas of the concrete bridge railing that have become damaged and are in need a repair.

After speaking with Mark Peake, Purchasing and Property Manager, we have decided that the design and repairs qualify for that of an "emergency" and a design-build contract is appropriate. After consulting with David Huval, Sr. with Huval and Associates and C.E.C. Construction, Inc. the estimated cost for the design-build would be approximately \$350,000.00. The design work and the construction work will take approximately 6 weeks from the Notice to Proceed date. N. .:

Should you have any questions or wish to discuss this matter further, please advise.

SURREY STREET BRIDGE

(Request for Emergency Meeting on June 22, 2010)

AGENDA ITEMS

Inspection of the bridge on Surrey Street has revealed serious deficiencies that could result in the necessity of closure of the bridge in the near future. Temporary steps have been taken to allow the bridge to remain open safely for a short time; however this issue should be addressed immediately.

In working with Purchasing, we will negotiate a design/build contract with CEC, Inc. (with a subcontract with Huval and Associates for the engineering services) to implement the necessary repairs. This process is frequently utilized by the State. The cost to implement the necessary repairs to the bridge is \$350,000.

Attached is an emergency ordinance to transfer \$40,000 from the 2009 Bridge Renovation account, \$100,000 from the 2010 Bridge Renovation account and \$210,000 in surplus funds from the Camellia Boulevard Extension project (a total of \$350,000) to the Surrey Street Bridge Repair project. Sufficient contingencies remain in the Camellia Boulevard project, now under construction. L .

Also attached is the required regular ordinance implementing this transfer of these funds. We are requesting that an emergency Council meeting be called in conjunction with the regular Council meeting of June 22, 2010 to consider adoption of the emergency ordinance and introduction of the regular ordinance.

Should the emergency ordinance be adopted, we will issue the notice to proceed to the contractor as soon as possible and it is anticipated that design and construction will take approximately 6 weeks thereafter. It is essential that this be pursued immediately in order that the bridge can be re-opened prior to the start of school in August.

Dee Stanley June 21, 2010 Page 2

It is therefore requested that the emergency meeting be called and that these two (2) items be placed on the agenda.
